# Who is Himanshu Yadav

who is himanshu yadav will be in stroke text and also moving alongside except for himanshu it wont be in strokes also in colors

The background of the top section features two large, overlapping orange circles on the right side, creating a modern, abstract design.

I'm a product designer with a passion for creating products that not only look good but also solve real problems. When I'm not sketching ideas on paper, you can find me binge-watching a Netflix series or playing video games. My design philosophy is simple: make it visually appealing, functional, and bring a smile to people's faces. I'm the designer you want on your team if you want to make people say 'I need that in my life!'.
